PENDRAGON FIREWORKS

On 20 July 2002, Pendragon Fireworks entertained a BP celebratory event with a spectacular firework display.

The event was for over 450 people and held at Margam Park so as you can imagine there was a tremendous amount of planning. During this whole time Mr Melon of Pendragon Fireworks gave us his undivided attention and was able to guide us in the whole process of arranging a firework display.

The attention to detail was second to none and included every aspect from the enjoyment of the client, the comfort of the planning committee and most importantly the safety and security of the whole event, before, during and after the event.

The actual display on the night was superb, the colours were vibrant, the effect was amazing and at the end of the day it was incredible value for money.

The BP event was planned to celebrate the time in this area and the finale of the firework display contributed to making this a memorable occasion indeed.
