Reference Letter for Pendragon Fireworks

To whom it may concern,

Anana have engaged the services of Pendragon fireworks for the last 4 years to provide the fireworks display for our corporate Christmas parties at both Old Down Manor and Berwick Lodge in Bristol.

Anana invite corporate customers, partner companies and their partners from the UK and abroad to an extravagant black tie evening of champagne, dancing and entertainment. To reflect our brand we engage the services of outdoor and indoor lighting and effects companies, entertainers and musicians. The highlight of every party is always the fireworks display that Pendragon deliver.

Pendragon are extremely flexible, and have created magnificent, high impact, custom displays for us, with both high level shells and static pyrotechnic branding and effects. The team are always safety conscious, whilst being polite & professional.

Guests have been known to comment that the displays have been "better than Disney World", and "the best they have seen".

We will continue to use Pendragon and recommend them highly.

Regards,

A handwritten signature in black ink, appearing to read "Chris Woodward". The signature is fluid and cursive, with a long horizontal stroke at the end.
